In July 2010, the Company has restructured its shipping operations under new legal entities, and established Anadoluhisarı Tankercilik A.Ş., Kandilli Tankercilik A.Ş., Kuleli Tankercilik A.Ş. and Kuzguncuk Tankercilik A.Ş. with an effective ownership interest of 100%. The main activities of these companies are to purchase, build or rent vessels and to operate them in domestic and/or overseas transportation of crude oil, petroleum products, liquid petroleum gas, natural gas and solid, liquid and liquefied products. The vessel named “Kuleli”, included in Company assets and used in liquid petroleum gas transportation, is sold in cash on October 13, 2017. Kuleli Tankercilik A.Ş has purchased 100% shares of Bal Kaynak Su İthalat İhracat Sanayi ve Ticaret A.Ş. (‘Bal Kaynak’) on March 14, 2019. The capital of the Bal Kaynak was increased by TL 50.000 thousand up to TL 133.000 thousand with the decision of the Ordinary General Assembly held on March 3, 2022. Bal Kaynak continues its water trade activities with the aim of providing sustainable production.

Akpa Dayanımlı Tüketim LPG ve Akaryakıt Ürünleri Pazarlama A.Ş (‘Akpa’) is mainly engaged in sales of cylinders through either its own organisation or dealers, retail and wholesale of LPG, fuel and lubricants through autogas stations.

Main activity of Aygaz Doğal Gaz Toptan Satış A.Ş. and Aygaz Doğal Gaz İletim A.Ş. (together ‘Aygaz Doğal Gaz’) is to purchase natural gas from domestic and/or overseas

suppliers, selling natural gas to domestic and/or overseas customers and make related arrangements for the modulation, storing of natural gas and building necessary facilities.

Sendeo Dağıtım Hizmetleri A.Ş. (“Sendeo”) (Former trade name: Aygaz Aykargo Dağıtım Hizmetleri A.Ş. (“Aykargo”) which started as an in-house entrepreneurship project, has started its cargo delivery and distribution activities in 2020. On 3 August 2021, 45% of the shares were transferred to Koç Holding A.Ş. and subsequently the name of the company was changed to Sendeo. To create additional value from existing assets by utilizing Aygaz’s know-how such as brand power, extensive dealer network and home delivery experience in strategic business areas, Sendeo has started its Istanbul operations in May 2021 and has become active in 81 cities in less than a year as of February 2022. On the Ordinary General Meeting held in March 2023, capital of Sendeo is decided to increase from TL 753,500 thousand to TL 1,183,500 thousand. TL 300,000 thousand of the total amount of TL 430,000 thousand was paid in cash by the shareholders on 21 March 2023. The payment of the remaining TL 130,000 thousand was completed at the beginning of July 2023, and Aygaz participated in the capital increase amounting to TL 71,500 thousand corresponding to its share ratio. The company has 405 distribution points, 10 transfer centers, 13 distribution centers and 1,629 active delivery points as of end of June.

In December 2005, Enerji Yatırımları A.Ş. (“EYAŞ”) was established to acquire 51% block shares of Türkiye Petrol Rafinerileri A.Ş. (“Tüpraş”), to participate in Tüpraş’s management and its operational decisions as well as to establish and operate in oil refinery related sectors in Turkey. As of 30 June 2023, EYAŞ’s ownership in Tüpraş has been 46,40%.

Opet Aygaz Gayrimenkul A.Ş. was established on September 20, 2013, as a joint venture with 50% equal shares by the Company and Opet Petrolcülük A.Ş., which is the Company’s business partner, operating in distribution of fuel products. Its main activity is to establish, purchase, operate and rent fuel and LPG stations.

Within the scope of the termination of the business partnership between Koç Group and UniCredit S.P.A on February 5, 2020, 100% of the shares representing Koç Finansal Hizmetler A.Ş. (“KFS”) capital were transferred to Koç Group in proportion to their shares in KFS; In addition, KFS’s Yapı ve Kredi Bankası A.Ş. (“YKB”) shares of 31.93% were transferred to UniCredit SPA and 9.02% to Koç Holding A.Ş. KFS’s share in YKB decreased from 81.9% to 40.95%. Within this framework, the Company’s share in KFS increased from 1.97% to 3.93%. According to the notifications made to the Public Disclosure Platform (“PDP”) on May 30 and 31, 2023 by Aygaz and Koç Holding A.Ş. (“Koç Holding”); resolutions were disclosed regarding to transfer KFS shares in Aygaz’s assets which corresponds to 3.93% of the registered KFS capital, to Koç Holding through a partial demerger transaction through the model of share transfer together with all its rights and debts, in accordance with the principle of universal succession to Aygaz shareholders. The transaction was approved by Capital Markets Board (“CMB”) on July 13, 2023. The transaction will be submitted to the approval of Aygaz and Koç Holding shareholders at the extraordinary general assembly meetings to be held on August 24, 2023, as disclosed to the public via the notifications made to PDP on July 18, 2023.

Entek Elektrik Üretim A.Ş. (“Entek”) operates as the electricity generation company of Koç Group. With the notifications to the PDP made by the Company, Koç Holding, and Tüpraş on 25 April 2022; decisions regarding the transfer of shares corresponding to 99.24% of the total capital of Entek, in which the Company and Koç Holding held 49.62% share separately, to Tüpraş via partial demerger were announced. The respective application was approved by the CMB of Turkey on 7 July 2022. With the extraordinary general assembly held on 25 August 2022, the transaction was approved by the Company, Koç Holding, and Tüpraş shareholders, and the registration was completed on 26 August 2022.

Bangladesh Investment: In line with Group’s growth strategy abroad, in order to operate in LPG supply, filling and distribution in the Bangladesh market, on 5 March 2019 the Share Purchase Agreement (‘Contract’) and Partnership Agreement was signed between the Company and United Enterprises & Co. Ltd. With Contract it was decided that 50% of the shares of United LPG Ltd, the subsidiary of United Enterprises & Co. Ltd, which has a pre-license for LPG filling facility but no current operations yet, will be acquired. With the fulfilment of all the conditions precedents set forth in the Contract, the transfer of shares was completed on 20 January 2021 and the title of the Joint Venture Company was changed to United Aygaz LPG Ltd (‘United Aygaz’) on 14 February 2023. The 2022 Corporate Governance Compliance Report ("URF") and Corporate Governance Information Form ("KYBF"), approved by Aygaz A.Ş. Board of Directors, can be found in the corporate governance page of Aygaz A.Ş. on the Public Disclosure Platform (www.kap.org.tr).

In order to renew the existing corporate governance rating agreement between our Company and SAHA Kurumsal Yönetim ve Kredi Derecelendirme Hizmetleri A.Ş., a new agreement valid for two years was signed on February 21, 2022, and it is valid until February 21, 2024.

SUSTAINABILITY PRINCIPLES COMPLIANCE

Aygaz follows the best sustainability practices closely, including the ones laid out in the CMB's Sustainability Principles Compliance Framework and conducts activities to adopt the generally accepted best practices in this field to the extent possible. Many of the topics that Aygaz manages as part of its sustainability efforts correspond to the principles stated in the "Sustainability Principles Compliance Framework" introduced by the Capital Markets Board (CMB) in 2020. Accordingly, Aygaz A.Ş. has achieved compliance with the majority of the principles stated in the non-mandatory "Sustainability Principles Compliance Framework" introduced by the CMB on a "comply or explain" basis. However, full compliance with all the principles has not been achieved yet due to the challenges in the implementation of some of these principles, uncertainties in the national and international arena, certain principles not fully aligning with the current structure of the Company, and the fact that some compliance principles will be determined according to the findings of ongoing studies. Once the ongoing studies on the global practices that may contribute to the Company's goal of creating sustainable value, the technical infrastructure development and data collection activities are finalized, the Company aims to work toward implementing the principles that have yet to be fully complied with.

Aygaz has been listed in the BIST Sustainability Index since 2018.

Aygaz 2022 Sustainability Report that includes information regarding Aygaz's sustainability implementations and performance has been made public via our Company's website. (www.aygaz.com.tr)

RISK MANAGEMENT

Risk management is applied in accordance with international standards and practices as well as policies approved and strategic targets set by the Board of Directors, taking into consideration feedback from departments and Executive Committee in particular. Given the financial, operational and legal risks encountered due to the nature of the industry, risks are managed -within the framework of corporate risk management- with an integrated, holistic, systematic and proactive approach along with risk assessments spread across the Company and updated with the processes. To maintain and increase market value, the Company aims to identify and manage risks, and to take advantage of opportunities at the same time. With effective corporate risk management in place, developing shared perspectives and strategies across the Company remains the focus point.

Financial risks arising from uncertainties and fluctuations in foreign exchange, interest rates, liquidity and commodity prices are identified and evaluated and when necessary, relevant instruments are used to mitigate risks. Foreign exchange risks originate from purchases in foreign currencies regarding business activities or loans utilized in foreign currency for liquidity purposes. This risk is mitigated by the "natural hedge" that is created by reflecting exchange rate fluctuations on product sales prices and the foreign exchange position exposed to currency risk after the inventory within the said natural hedge is closely monitored and effectively managed. The risks are restricted and kept within targeted limits by forward or derivative transaction agreements when necessary.

The interest rate risk shows its effects on rate-sensitive assets and liabilities. The negative effects of interest rate risk are eliminated balancing financial debts in terms of fixed/variable interest rates and short term/long term maturities.

Liquidity risk is managed by closely monitoring current and projected cash flows and ensuring maturity match between assets and liabilities. Net working capital is closely monitored to preserve short-term liquidity, and sufficient level of cash and cashlike assets

are maintained against potential capital market fluctuations. Consequently, working capital needs and liquidity risks are minimized. The Company's policy is to manage longterm liabilities with fixed-interest rates with flexible structures and to hedge the potential interest rate risks through derivative instruments. Available cash and non-cash credit lines are determined with the banks.

In terms of commodity risks, derivative transactions are performed on operational inventory in order to limit the impact of price fluctuations in international markets.

Given its broad range of activities, Aygaz's receivables are spread across different industries and geographical regions through numerous dealers and customers. Concentrating on a specific field or a customer is avoided. Commercial receivables are monitored closely with regular reporting and assessments, taking care to keep customer credit risk exposure arising from commercial receivables within approved limits.

Collaterals (letters of credit and guarantee performance bonds, pledges, etc.) are held to mitigate collection risks and risks are checked on transaction basis and the said collaterals are followed systemically. Payments are received via banking systems. The use of various payment systems also helps facilitating the collections and reducing the risks.

In terms of capital risk, the Company's objective is to carry out business with the most efficient capital structure that minimizes the cost of capital while creating value for its shareholders. The most significant indicators considered for this purpose are the ratios of Net Financial Debt/EBITDA, Total Financial Debts/ Equity, Current Ratio and Liquidity Ratio, as well as maturity structure of Financial Debt and Net Working Capital. With all these indicators within the required limits, Aygaz A.Ş. has the capital structure and debt capacity to conduct its business in a healthy manner. The Board of Directors is informed through the reports prepared by the management and presented to the Risk Management Committee periodically.

The Company's issued capital is TL 219,800,767 is protected by main partnership capital that is TL 7,901 million as of June 30, 2023.

Operational, legal and strategic risks are evaluated by related units and the decisions made by the executive management are monitored by the Board of Directors through this committee. The Board of Directors also receives information about corporate risk management activities carried out within the scope of strategic planning and management processes through the executive management and the Risk Management Committee.

For protection against any losses that may arise due to operational or other risks, various insurances are in place including the coverages for subsidiaries. All transferable risks are delegated to third parties with insurance policies. Likewise, various other instruments have been introduced including a cyber risk insurance policy to mitigate the effect and probability of cyberattacks. Operational risks are monitored by the relevant departments of the Company and reported to senior management at regular intervals.

Regulatory changes are monitored by all related units primarily and in particular by the Legal Department. Necessary information is provided and training and compliance activities are carried out to avoid legal risks.

OTHER ISSUES

As disclosed on May 30, 2023; as a consequence of the review of structuring alternatives regarding Koç Group companies to enable them operate efficiently, it has been resolved to transfer KFS shares, which are not traded on the stock exchange, in Aygaz's assets to Koç Holding through a partial demerger transaction through the model of share transfer

together with all its rights and debts, in accordance with the principle of universal succession to Aygaz shareholders. Thus, Aygaz shareholders will receive Koç Holding shares in exchange for the illiquid KFS shares in Aygaz. It is aimed to make the fair value of the main LPG business more visible and measurable by transferring KFS shares, which are not related to Company's core business line, to Koç Holding.

It has been decided to carry out the demerger based on the financial statements dated 31.12.2022, prepared within the framework of the relevant regulations of the CMB, of the companies that are party to the transaction. As determined in the expert report, KFS shares with a nominal value of TL 15.001.230,08 in Aygaz's assets will be transferred to Koç Holding through a partial demerger transaction through the model of share transfer. The issued capital of Aygaz will be decreased by TL 13,895,148 due to the partial demerger transaction of KFS shares. The reduction in the issued capital will be allocated the shares of all Aygaz's shareholders in proportion of the shareholding in Aygaz. Koç Holding's issued capital will be increased by TL 6,504,705 from TL 2,535,898,050 to TL 2,542,402,755 due to the takeover through demerger.

The transaction was approved by CMB on July 13, 2023. The transaction will be submitted to the approval of Aygaz and Koç Holding shareholders at the extraordinary general assembly meetings to be held on August 24, 2023, as disclosed to the public via the notifications made to PDP on July 18, 2023.
